## Preserving the Lore and Legends of Infocom

# Introduction

*W*ithin these pages is recorded certain knowledge regarding the packaging, artwork and instructions of the Infocom adventures.  Although this wisdom has well stood the test of time, we would not wish to see it lost forever in the uncertain mists of the future.  Therefore, for the enrichment of our heirs and with homage to our ancestors, we have writ into permanence the lore and legends of Infocom

**Adapted from the preface to "The Lore and Legends**
**of Quendor" in *Beyond Zork*.**

# The Infocom Documentation Project team:

Gunther Schmidl

Roger Long

Andreas Ferencz

David Gatewood

Matej Frece

*(many more to be added)*

## Special thanks go to:

Laired Malamed, of Activision, Inc.
